

Workshop covering the implementation of EC Reg. 391/2009 Article 10.1 (Mutual Recognition)

When: Wednesday, 28 May 2014 - 09:00 to 17:00 (followed by a drinks reception)

Where: City of London

Register Online: [click here](#)

- The aim of the workshop is to provide an update on progress and an opportunity to discuss some of the issues relating to the application of mutual recognition in the context of ship classification.
- This workshop is being organised for the benefit of a wide range of maritime interest groups, who may be affected by mutual recognition of class certificates. The event will provide an opportunity for a two-way exchange of views on the subject.
- You will be able to hear directly from members of the Commission (DGMOVE), industry and the EU ROs about some of the challenges and opportunities that article 10.1 presents and share your own views on the practicalities of mutual recognition and the regulation. This open forum session is also an opportunity to ask questions about mutual recognition, but in order to ensure that your questions are answered in entirety we kindly ask that you submit them (along with your name and company) via email to Delphine Fagot, SEA Europe(df@seaeurope.eu) by **10 May 2014**.
- To register your place at this free workshop [click here](#). Online registration is essential to secure your place. Please ensure to register **before 21 May 2014** and don't forget to advise the workshop organisers about any special dietary requirements.
