# Orientations towards Horizon 2020 Strategic Programming 2018-2020- Main Inputs

## **First orientations towards a scoping paper**

Structure the priorities along four main areas:

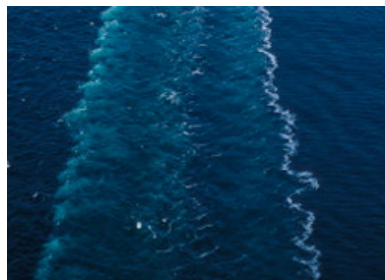

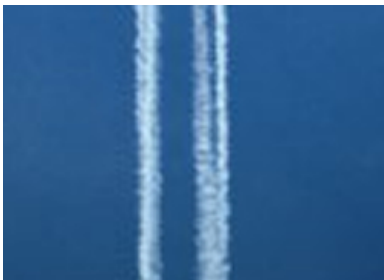

- ✓ **Towards an integrated, sustainable and robust transport system**
- ✓ **Technologies transforming the transport system**
- ✓ **Competitiveness, business models and markets**
- ✓ **Accounting for the people: demand, needs and behaviour; inclusion and access**
